SearchExchange.com

ZipLip Unified E-mail Archive Suite, version 5

The Bronze Award for SearchExchange.com's Product of Year Archiving and Compliance category goes to ZipLip Inc. for ZipLip Unified Email Archival Suite, version 5. This e-mail archiving and management product provides scalable storage of e-mail data, e-mail archiving, content management, regulatory compliance, lifecycle management, performance enhancement, hierarchical search and discovery, attachment management and e-mail continuity and disaster response.

ZipLip Unified Email Archival Suite, version 5 scored especially high marks from our judges in performance, functionality and value. One judge commented, "This product is a very high-end, very scalable solution that can handle very large enterprise requirements."

ZipLip Unified Email Archival Suite has been updated to include:

- Attorney-client privilege flagging and privilege logs
- Disclaimer-auto exclusion
- One-click search and one-click export
- Improved, high-performance pre-review and gateway capture
- Lexicon-based mail auto-categorization
- Advanced search with proximity and context sensitivity matching
- Quick summary for lexical analysis and compliance analysis for reviewers
- Simultaneous cross-alias searching
- Enhanced storage management

Pricing: Prices are on a perpetual basis (i.e., one-time license fee) and annual maintenance. List price for 2,500 users starts at $84,700. Pricing for additional optional modules ranges from approximately one-third to two-thirds of the base price.
